

# Tender wheel

The model is dynamic, which means that each circle represents different levels in the governing elements of this tender. The model is rotatable and it is thus possible to move all the elements of the model

- NEB – The Fundamental Values of the New European Bauhaus**
- Sustainable
  - Inclusive
  - Aestatics

- Domea's Selected Principles**
- Circularity
  - Biodiversity
  - Inclusion

- Young people's principles for the green area**
- Manifesto
  - Developed on the basis of their investigation
  - Developed on the basis of prototypes

- Prototypes**
- 13 prototypes for desirable future
  - All prototypes are based on the above elements
